CAREER OBJECTIVE

Motivated and detail-oriented B.Tech Information Technology graduate with hands-on experience in Java, SQL, HTML, CSS, and JavaScript. Skilled in developing full-stack academic web applications with a strong focus on software development and problem-solving. Quick learner with a strong willingness to adopt new technologies, seeking an entry-level Software Engineer role to contribute, learn, and grow within a professional environment.

EDUCATION

Bachelor of Engineering (B.Tech), Information Technology CGPA: 7.87
V.S.B Engineering College

Higher Secondary School (HSC) 85%
Gokilambal Matriculation School

TECHNICAL SKILLS

Languages: Java **Web:** HTML, CSS, JavaScript
Database: MySQL, PostgreSQL **Tools:** Git, GitHub, VS Code
Core Subjects: DSA, DBMS, OOP

PROJECTS

Smart Web-Based Grocery Management System
Node.js, Express.js, PostgreSQL, JWT

- Built a grocery billing system with JWT authentication and role-based access
- Developed POS billing with cart, tax/discount calculation, and PDF invoices
- Added WhatsApp notifications and a sales/inventory dashboard

Cyber Shield
Node.js, Express.js, JWT, PostgreSQL, HTML, CSS, JavaScript

- Developed Cyber Shield, a full-stack cybersecurity web app with secure JWT-based user authentication
- Implemented real-time threat monitoring and alerts to detect suspicious activity
- Designed a secure backend and database architecture to protect against common web vulnerabilities

INTERNSHIP

Full Stack Development Intern 1 Month
Fantasy Solutions

- Gained hands-on experience in full-stack web development across frontend and backend
- Assisted in developing and testing web application modules
- Collaborated with the team on debugging and code reviews using Git

CERTIFICATIONS

- Programming in Java – NPTEL (SWAYAM)
- Data Science for Engineers – NPTEL (SWAYAM)
- Java Foundation Certification – Infosys Springboard
