CAREER OBJECTIVE

Motivated and detail-oriented B.Tech Information Technology student with knowledge of Java, SQL, HTML, CSS, and JavaScript. Experienced in developing academic web applications and passionate about software development and problem-solving. A quick learner with a strong willingness to learn new technologies and improve programming skills. Seeking an entry-level Software Engineer role where I can contribute, learn, and grow in a professional environment.

EDUCATION

V.S.B Engineering College

Bachelor of Engineering, B.Tech – Information Technology CGPA: 7.87

Gokilambal Matriculation School

Higher Secondary School 85%

TECHNICAL SKILLS

Programming Languages : Java

Web Technologies : HTML, CSS, JavaScript

Database : MySQL

Tools & Platforms : Git, GitHub, VS Code

Core Subjects : Data Structures, DBMS, Object-Oriented Programming

PROJECTS

Student Management System Java | ArrayList | OOP | Scanner

- Developed a console-based Student Management System using Java
- Implemented CRUD operations to add, view, search, and delete student records
- Applied Object-Oriented Programming concepts by creating separate Student and StudentManagementSystem classes
- Designed a menu-driven interface for user interaction using the Scanner class

Smart Web-Based Grocery Management System Node.js | Express.js | PostgreSQL | JWT

- Developed a full-stack grocery management system with secure JWT-based authentication and role-based access for Admin and Cashier
- Implemented Point of Sale (POS) billing with product search, cart management, tax calculation, discounts, and automatic PDF invoice generation
- Integrated WhatsApp notifications for bill delivery and customer feedback requests, along with an analytics dashboard for sales, inventory, and customer satisfaction
- Used PostgreSQL with Sequelize ORM for efficient database management and transaction handling

INTERNSHIP

Fantasy Solutions 1 Month

Full Stack Development Intern

- Gained hands-on experience in full-stack web development by working on frontend and backend technologies
- Assisted in developing and testing web application modules
- Collaborated with the development team to identify and resolve technical issues
- Learned version control using Git and participated in debugging and code reviews

CERTIFICATIONS

- Programming in Java – NPTEL (SWAYAM)
- Data Science for Engineers – NPTEL (SWAYAM)
- Java Foundation Certification – Infosys Springboard

ACHIEVEMENTS

- Presented technical papers at college symposiums
- Solved programming problems on coding platforms
